

M-PACT 2021

Safe + Clean Plan

Your well-being is our #1 priority for M-PACT 2021. Here's what M-PACT is doing to protect your health and peace-of-mind so you can focus on getting down to business.

The following are restrictions placed by the State of Indiana, Indiana Department of Health, the Indiana Convention Center and the City of Indianapolis for M-PACT to follow and enforce for the safety and health of our participants and staff:

Masks or face coverings.

Over the nose and mouth masks or face coverings are required to be worn at all times while inside the Convention Center. Masks will be provided for any participant or staff member that does not have one available.

Temperature checks.

Temperature checks will be performed at specific entry locations, and these specific entrances and exits will be monitored by security staff.

Appropriately-marked 6-foot social distancing.

Registration lines and other areas throughout the event will feature 6-foot markers to ensure social distancing. Plexiglass guards will be installed at registration and all service areas.

Hand sanitizing.

Frequent handwashing and sanitizing is recommended for all staff, attendees and exhibitors. Hand sanitizer dispensers will be located throughout the Convention Center and show floor.

Larger aisle ways and one-way lanes to manage traffic flow.

Minimum 10-foot aisle ways will be offered on the show floor, with dedicated lanes and one-way signage on the show floor, in hallways and in corridors throughout the Convention Center.

Meeting rooms and sessions.

Six-foot distance markers and chair placement will designate space to leave between participants for social distancing. All sessions and the industry luncheon will be arranged to meet appropriate distance requirements for participants, speakers and panelists.

Modified food and beverage service.

Food service will feature individually wrapped meals, grab-and-go items, single-use supplies, and modified buffet services. Hand sanitizers dispensers will be plentiful, and beverages provided in fresh cups for refills. Use of sealed, contained and wrapped foods is required.

Government restrictions.

M-PACT staff and other personnel will monitor and enforce all social distancing requirements and mandates placed upon our event by the State of Indiana, Indiana Department of Health, Indiana Convention Center and the City of Indianapolis.

Safety is our number one concern.

We realize these guidelines and precautions make our event less interactive than in the past, but as we transition between pandemic restrictions and reopening guidelines, the safety of our participants is our top priority. We hope you understand.
